Our 31st Birthday

We would like to say a massive thank you to everyone who helped us celebrate our 31st birthday. The children had the best time on the bouncy castle, petting the animals and thoroughly enjoyed the party bus and party. We are proud to be celebrating 31 years, and it has been a pleasure to be part of so many families lives over the years!

Transition to school / nursery school

It is the time of year again where we begin to support our children moving onto their new chapter of school or nursery school. We are looking forward to offering exciting activities to support school readiness such as school role play, dressing up in school uniform and enjoying school transition books. We will also be welcoming the teachers from each school for transition visits. If your child is moving to nursery school, please let us know as this will allow us to plan accordingly as well as support their transition too.

Please also remember to give us 4 weeks' notice once you have decided on your child's last day with us.

Named clothing.

Please remember to label with your child's name clothing, bags, and shoes. Often belongings get mixed up or left behind when being used and this helps us to make sure it is returned to the right child's peg before they go home, as well as ensuring the correct child is wearing the correct item.

Recent Highlights

Ducklings And Twitchits

Over the last few weeks in Ducklings and Twitchits we have been enjoying exploring all aspects of birthday fun, this has included balloon painting, tissue paper sensory and play doh cake creating. We have enjoyed using exploring our new sensory toys, to practice stacking and using instruments with purpose. We have also really taken an interest in the ducklings that have been at nursery, and have enjoyed seeing them running around our room. Over the coming weeks we will be interested in nature and developing our outdoor environment.

Tiggys

This month we have been focusing on the season of spring! We have enjoyed exploring spring flower water trays, using flowers as a paintbrush as well as exploring a bunny and carrot soil sensory tray and painting butterflies with sponges! We have enjoyed practicing our balancing and coordination skills this month by walking along balance beams, stepping stones and walking along the obstacle course in the garden! The Tiggys love to engage in cooking activities so this month we have enjoyed making rainbow pizzas, apple oatmeal cookies as well as chopping our own fruit at snack time.

Nutkins

Over the last few weeks Nutkins have had great fun celebrating Puddleducks birthday and enjoyed taking part in all the activities. We have also enjoyed learning about the life cycle of frogs and enjoyed watching the tadpoles turn into frogs.

The children have also been learning about the life cycle of the ducks and have enjoyed looking at and handling the ducklings. WE enjoyed taking part in activities around international fire fighters day

Preschool

The Pre-school children have thoroughly enjoyed learning about life cycles. They have been eatching the tadpoles turn into frogs and learn all about metamorphosis. We were then very excited for the arrival of the ducks and watching them hatch. We have been very good at helping look after them. Our favourite part was watching them have a swim.

Birthday celebrations

This month we would like to wish a Happy Birthday to:

Oscar
Kit
Freddie
Rosa
Millie
Darcy
Santino

We hope you all have a wonderful day.

Employee of the month

This month we would like to say a big well done to Sangita for her continued hard work across the nursery.

Well Done!
